much like the seasons of a relationship, have molded a varied and beautiful landscape, an alluringly fitting backdrop for a rough-and-tumble escape with your partner. Almost two hundred miles of trails, wreathing 46 mountain peaks and numerous flows of frigid clear water, attract people looking to reach and enjoy true solitude by foot or canoe—fortuitously, for those seeking a lungful of clear, crisp air, this park is not designed for cars. Keep your eyes out for moose and other antlered wildlife. Overnight camping permits for the park's ten campgrounds go quickly so a little planning is required before you spring that surprise weekend getaway on your beloved.
